

HELP OUR COMMUNITIES!

The need is great in our communities. The pandemic has changed the lives of so many individuals. Payne Nickles & Company is changing our usual holiday-time donation request this year. We are requesting monetary donations for Second Harvest Food Bank of North Central Ohio starting now and running thru tax season. The need has never been greater. Before the pandemic 88,000 unique people were served, that number has risen to 136,000. With the support of the Ohio National Guard, Second Harvest has hosted over 100 mobile pantries in Lorain, Erie, Huron and Crawford counties.

National Guard members have replaced some of the bank's regular volunteers who are at risk for COVID-19. Funding to the Ohio National Guard has also been cut and the Guard may not be able to continue to assist in food distribution. Volunteers are also needed.

Second Harvest helps supply Erie and Huron Counties with essentials for those in need. Both OH Go and the Norwalk Area Food Bank, as well as other charities in our communities, receive assistance from Second Harvest. If you would like to donate to Second Harvest Food Bank, please send us your check made out to: Second Harvest Food Bank. We will match total donations up to \$2,000 and forward your check. You may also donate online at our dedicated donation page:
